

MINIMUM ORDER RULES ARE DROPPED!

NOW!

YOUR ORDERS - NO MINIMUM!

You are not the only ones who want a "no minimum" policy. Our staff feels that, although there might have been justification in the past, it was not a needed or useful policy for your business or ours. So we dropped it.

Order just what you need - a spool, solenoid, seal kit ... whatever!

AND!

YOUR ORDERS - NO MAXIMUM!

(Well, we can dream, can't we?)

Order all you need from our wide selection of pumps and valves!

And, as always, there is no expedite fee and we routinely ship same day
