

PRODUCT UPDATE

FEATURES THAT MATTER!

Some of the ways we strive to make it easier for you

When you order the DIN connector style electric connection option on our directional control valves, we provide the actual snap-on DIN connector itself as standard - *not as a separate purchase item.*

When you order any of our directional control valves, we provide the mounting bolt kit as standard - *not as a separate purchase item.*

Our HD-G02 hand lever valve series come standard with a hand lever boot. Not all manufacturers provide this feature as standard.

And, finally, there is no minimum order, no expedite fee, and we ship 98% of incoming orders the same day!
