

Our New Web Site Is Now Live!

www.northmanfp.com

We have completely re-designed our web site.
It has a cleaner look. The information you want is easier to find.
And it is faster.

The home page itself tells the story – Product and content overview
... and quick shipments!

The screenshot shows the Northman Fluid Power website homepage. At the top left is the Northman logo. To the right is a navigation bar with links for Home, About Us, News, and Contact Us. Below the navigation bar is a banner for Northman Fluid Power featuring a blue hydraulic pump. Underneath the banner is a horizontal menu with icons and labels for: Directional Control Valves, Modular Control Valves, Pressure Control Valves, Flow Control Valves, Accessory Valves, Vane Pumps, and Search. On the left side, there is a sidebar titled 'Hydraulic Pumps and Valves' with a list of navigation links: Home, Directional Control Valves, Modular Control Valves, Pressure Control Valves, Flow Control Valves, Accessory Valves, Vane Pumps, Technical Information, FAQ, and Request Information. The main content area features a large heading 'Northman Fluid Power' and a sub-heading 'Manufacturer of Hydraulic Pumps and Valves'. Below this is a photograph of a warehouse filled with hydraulic components. To the right of the photo is a yellow callout box with the text 'GET ALL THREE' and a list of benefits: '>1 Availability', '>2 Competitive Pricing', and '>3 Quality'. Below the photo, the text reads 'WE HAVE STOCK!!!' and 'Over 98% of daily orders ship same day.'

Take a tour. Send us your comments.
Our continuing goal is to give you a useful and usable tool to support you better.

Hydraulic Solenoid Valves • Modular Valves • Control Valves • Vane Pumps
